For people with life-threatening blood cancers, like leukemia and lymphoma or other diseases, a cure exists - a marrow transplant. Be The Match connects patients with their donor match for a life-saving marrow or umbilical cord blood transplant. People can be someone's cure as a member of the Be The Match Registry, financial contributor, or volunteer. Be The Match provides patients and their families one-on-one support, education, and guidance before, during and after transplant. Be The Match is the world's leading nonprofit organization focused on saving lives through marrow and umbilical cord blood transplantation. We foster a community of donors, volunteers, health care professionals, and researchers who deliver cures by helping patients get the life-saving marrow or cord blood transplant they need. For more info or to register as a potential marrow donor visit <https://join.bethematch.org/overcomer> or www.bethematch.org
