

SUPPORTING BUSINESSES
DURING SHELTER IN PLACE

Advocacy

An important, ongoing initiative, currently LVCC is focused on advancing emergency response for financial and regulatory relief for businesses - our mantra --
"...immediate, direct access, with minimal/streamlined red-tape."

COVID-19 Resources

We are monitoring announcements from all levels of government on progress for public health requirements, regulatory changes and financial aid.

We are posting what we find on

- Facebook
- Twitter
- LinkedIn
- Instagram
- NextDoor

Additionally, announcements regarding informational Town Halls; webinars by public officials, and private and non-profit entities are posted on www.LivermoreUpdates.com.

Livermore Updates

- New website created in partnership with the City of Livermore, Livermore Downtown Inc., Visit Tri-Valley, & The Winegrowers Association, with a BIG shout out to Thomas Petty Digital Marketing Solutions.
- It is a central resource open to ALL Livermore Valley Businesses to post info about their operations - modified hours and services they are offering during S.I.P.
- It provides access to the most current COVID-19 resources for businesses.

Members of the community are also invited to visit the site to see who is open for business and details about their service.

Events

Guided by the SIP timelines and requirements, LVCC continues to adjust its on-line calendar for its events and meetings. The LVCC 2020 Wine Country Luncheon season series is postponed with dates and locations TBD. The May 28 luncheon is postponed. Check back for updates.

Support Local

Respecting Shelter-In-Place restrictions, we urged everyone to support those that are "Open for Business" and have been sharing their promotions on our Social Media Platforms.

Connections

Chambers of Commerce are best known for their work in this area. We continue to assist with matching businesses with others as they step up to help other businesses or members of the community during COVID-19.

There are many offers to support essential workers, students, families, seniors, the unsheltered and others that could benefit during this unprecedented time of need.

We encourage you to examine the long list of COVID-19 heroes and consider how you can be part of the collective effort to support them.

LivermoreChamber.org

The Livermore Valley Chamber of Commerce website continues to be updated with latest member info and updates with a link to the new Livermore Updates website.
